# Framework

Tapping into the existing knowledge, skills, and experience of non-traditional students and transferring these skills to first year students, providing the best college experience possible.

[Find out more](#)

## Why mentor?

Mentoring is a unique method of supporting students to improve their learning and leadership skills, motivating them towards their future career development.

[More answers](#)

## Benefits

The purpose of "Framework" is to tap into the existing knowledge, skills, and experience of the more seasoned students and transfer these skills to freshmen students in order to provide the best college experience possible.

[More benefits](#)

## How it works

The mentorship program/event will pair up freshmen students with a non traditional student to answer questions and guide them through their first year of college.

[Explore more](#)

## More events:

The program not only assists new students but it also gives the non traditional students a way to feel included. Throughout the year there will be a number of events for all mentors and their students to participate in.

### Fashion show

A fun way to raise money for charity and also walk the runway in your coolest attire.

[Get started](#)

### Cooking class

Cooking classes help to keep students healthy and prepare them to start being more self-sufficient.

[Lets start](#)

### Paint jam

Grab some brushes, paint, and a canvas, and you've got yourself a paint jam.
